**Job Description**

Do you work in the construction industry and are you looking for a new challenge in the scaffolding sector in North Yorkshire? If that's the case, you may find the new scaffolding supervisor job opportunity with Burflex Scaffolding of interest.

It's a full-time position, based in the West and North Yorkshire region, and would suit someone who already has experience in this industry, with a starting salary of £40,000 plus benefits.

The job itself involves managing a team of scaffolders (typically an allocated number of gangs in a set area), as well as carrying out weekly inspections, harness and step inspections, and liaising with both clients and customers on site. You'll also be expected to prepare load lists for upcoming works and manage a number of active sites and projects, while keeping track of all current materials erected and stored on site.

In terms of skills and experience, you'll need to have in-depth knowledge of the scaffolding industry, possess excellent written and verbal communication skills, be familiar with reading and working to scaffolding design drawings, have some IT literacy skills and live locally, in or around West Yorkshire as no accommodation will be provided for the successful applicant.

**Essential Applicant Qualities**

- ◆ Have an in-depth knowledge of the scaffolding industry.
- ◆ Excellent written and verbal communication skills.
- ◆ Be familiar in reading and working to scaffolding design drawings.
- ◆ Have Full UK Drivers Licence.
- ◆ Experience of sending and receiving email communications.
- ◆ Must reside in or around West Yorkshire (No digs paid).

**Desirable Applicant Qualifications**

- ◆ CISRS Scaffolder or Advanced Scaffolder.
- ◆ CISRS Scaffold Supervisor.
- ◆ CISRS Advanced Scaffold Inspection.

**How to Apply**
